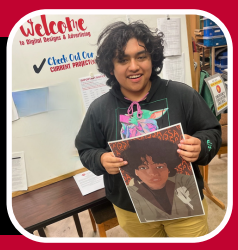
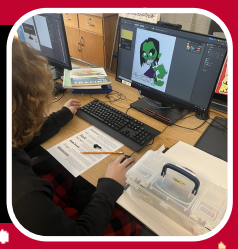
JELCC Spotlight

"I want to be a graphic designer. Mrs. Key helps me understand the Adobe software's basic requirements to help me become [one]."
-Issa, Digital Designs & Advertising



"I definitely would recommend this program to another student. I learned how I can have a career, use print shop machines, and better my ideas. It has really helped me a lot."
-Taleia, Digital Designs & Advertising

Meet Jacob, a North Central Senior and Digital Designs & Advertising student. He chose DDA bc he is interested in making logos and banners. His favorite part of class is learning how to use Adobe Illustrator!
-Jacob, Digital Designs & Advertising



Sebastian chose Digital Designs & Advertising bc it sounded interesting. His favorite part is seeing new ways to create art and designs on the computer. The class is fun and can lead to a decent amount of jobs in the future!
-Sebastian, Digital Designs & Advertising

"JEL IT pathways has changed my life for the better. It gives me a head start. If you pass the A+ (certification) test, it will boost your chances of getting into a good job and heading to a good college." ~ Jaiden, IT Pathways, Options
